Tomorrow we are scheduled to meet with Alexis at 2:00 in preparation of her participation on 11/9 at an event to launch a new Coastal Research Institute at Loyola Marymount University. The Institute is a partnership with the Santa Monica Bay National Estuary Program (SMBNEP). Rather than prepare a speech or talking points, Alexis asked that we meet with her so she can gain information to include in her remarks. In a separate email, materials were sent to the ORA providing background information concerning the Institute and the SMBNEP.
